EXCHANGE POINTS

Please note: If you are a team with only two or three runners, be sure you're aware of who is going to which exchange point. All team members need to know what runner they will be looking for at their exchange areas.

- We kindly ask for all relay runner A's not to start at the very front of the line as this may cause injury.

- Runner B will then be shuttled back to the finish area from here to connect with all other relay runners on their team.

Exchange Point # 3 (7.5KM) – Sobeys, 2441 Lakeshore Road West (Runner D start)

- Runner C will then be shuttled back to the finish area from here to connect with all other relay runners on their team.

BAGGAGE

It is recommended that participants have suitable clothing with them depending on the weather before and after their run. Runners (especially those running the later legs of the course) will be waiting for a period of time prior to their run. In addition, participants who have completed their run will have to wait a short period of time before departing for the finish line.

Please note that the final runner (and other team members) should make arrangements for dry clothing to be at the finish. Runners will need to coordinate with their team members how they will handle their baggage needs on race day. We recommend the following:

- Runner A gives their clothing to Runner B prior to the race so that it is waiting for them at the first exchange point.
- Runner B gives their clothing to Runner C prior to the race so that it is waiting for them at the second exchange point...and so on.
